Enviro Care Heat Pump Cleaning

Did you know, to maintain proper efficiency, your heat pump should be cleaned once yearly. Dirt particles and mold need to be removed from the coils and barrel fan to open properly. A clean maintained unit will operate up to 35% more efficient which increases air flow, lowers power consumption and increases the life expectancy in you unit. Have it cleaned and breathe better. Shane Noonan 902-394-0321 **Free Church of Scotland** service times: Desable - 11am & 6pm Cape Traverse - 9:30am.

T.O.P.S.
